REPORT of the FOREST FIRE WARDEN and DISTRICT CHIEF

Upon the recommendation of town selectmen and city councils, the Division of Forests and Lands appoints a forest fire warden and several deputy forest fire wardens in each town and city every three years. The town or city warden is responsible for maintaining a force of men and adequate equipment to suppress any wildfire that occurs in his town or city during his term of appointment. The fire warden must authorize all open burning when the ground is not covered with snow. No open fires can be authorized between 9 a.m. and 5 p.m., unless it is raining, without the additional permission of the state district fire chief.

Any person wishing to kindle an open fire when the ground is not covered with snow must first obtain the written permission of the forest fire warden. Camp and cooking fires also require the warden's permission.

The Division of Forests and Lands, through its Forest Fire Service, assists all cities and towns in meeting these requirements by training the warden and deputy forces in wildfire suppression tactics, making hand tool suppression equipment available at fifty percent of cost, supplying pieces of Federal excess property for use as fire attack vehicles and sharing up to fifty percent of the cost of wildfire suppression costs.

Wildfire prevention is also a joint state, city or town program. Smokey Bear is available from the Forest Fire Service for local fire prevention programs. Posters and Junior Ranger kits are avail- for distribution by local fire departments upon request to the Forest Fire Service. Each forest fire warden is expected to carry on a continuous wildfire prevention program within his town or city.

RURAL DISTRICT HEALTH COUNCIL

ANNUAL REPORT 1975

The past year has seen an increase in the services provided by the Rural District Health Council coupled with an increase in the requests for service. As the federal government studies the cost of health care there is increased interest in home care and preventive medicine as methods of reducing costs and improving health services. The Rural District Health Council continues to qualify as a certified home health agency, implementing procedures to continue to provide quality care.

In January 1975, Mrs. Marie Dexter, R.N. joined the staff in a dual role as Referral Coordinator at the Frisbie Memorial Hospital where she is a member of the Utilization Review Committee, and also as staff nurse for the agency providing skilled care for the towns of Barrington and Strafford. The addition of a Health Aide, Mrs. Joan Menez, has enabled the Council to better utilize the professional staff while continuing to provide quality care.

Along with the regular skilled nursing services provided in the home, members of the agency staff conduct adult screening clinics monthly in Northwood and Farmington which was requested by senior citizen groups in those towns. They also participate in the aftercare program in cooperation with the Strafford County Guidance Center and the Seacoast Counseling Center, assist local groups with area screening programs, participate in health planning and, by contract, supervise health aides in the Strafford County Homemaker – Home Health Aide Program. The Maternal and Child Health Program is very active providing regular physical examinations, immunizations and dental care for children 0–6 years enrolled in the Well Child Clinics. The agency staff also does home visiting to the patients participating in the Strafford County Prenatal and Family Planning Program and the Exeter Area Family Planning Program.

The strength of the Council lies in the efficiency and dedication of its staff. In addition to the two persons mentioned above, members of the professional staff are Mrs. Ardala Houle, R.N. Agency Supervisor; Miss Arlene Thorne, R.N., Maternal and Child Health nurse; Mrs. Barbara Drew, R.N.; Mrs. Myrtle Walsh, R.N.; Mrs. Lucy Myers, R.N.B.S.; Mrs Bernadette Cameron, R.N.; and Mrs. Kathleen Hansen, RPT. The office duties are ably handled by Mrs. Norma Davis and Mrs. Eleanor Eaton.

The Rural District Health Council has been requesting $1.00 per capita from member towns since 1969. As a result of the recent inflationary times and increase in services provided, it has been necessary, therefore, to increase the per capita request from each

town by 10¢ to enable the Council to continue to provide these services.

During the past year the Council has made 939 home visits and 117 well child visits making a grand total of 1056 for the town of Milton.

Anyone interested in additional information is urged to contact the Rural District Health Council, P. O. Box 563, 6 South Main Street, Farmington, N. H. Telephone – 755–2989 between the hours of 8:00 A.M. and 4:00 P.M. Monday through Friday.

MILTON SCHOOL DISTRICT TENATIVE CALENDAR

First Term	September 8, 1976 to December 23, 1976	72 Days
Second Term	January 3, 1977 to February 18, 1977	35 Days
Third Term	February 28, 1977 to April 22, 1977	40 Days
Fourth Term	May 2, 1977 to June 23, 1977	38 Days
		185 Days

DAYS OUT

October 11	Columbus Day
October 22	Teachers' Convention
November 11	Veterans' Day
November 25–26	Thanksgiving Recess
December 24–31	Christmas Vacation
February 21–25	Winter Vacation
April 25–29	Spring Vacation
May 30	Memorial Day

Washington's Birthday Anniversary falls on February 21, which is during the Winter Vacation, and Fast Day falls on April 25, which is during the Spring Vacation.

The above calendar provides for 185 days of school. The equivalent of 180 days must be devoted to classroom instruction as a minimum. This calendar allows for either 5 full days for staff development, curriculum review, staff planning and the like, or for 10 half days. Days missed due to storms, etc., would need to be recovered either during vacation periods, or by extending the number of sessions. If the staff development program is to be effective, it would need to be operated as a part of the contracted school year.

This calendar is subject to revision by the School Board.

SCHOOL WARRANT

To the Inhabitants of the School district in the town of Milton qualified to vote in district affairs:

You are hereby notified to meet at the High School Auditorium in said district on the 6th day of March 1976, at 7:00 o'clock in the afternoon, to act upon the following subjects:

1. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officers or agent of the district.

2. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.

3. To choose agents and committees in relation to any subject embraced in this warrant.

4. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district.

5. To see if the district will authorize the school board to make application for and to receive and expend, in the name of the district, such advances, grant-in-aid, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government and /or state agencies.

6. To see if the district wishes to permit the traditional Lord's Prayer in its elementary schools as authorized by RSA 194:15-a, with the provision that pupil participation shall be voluntary.

7. To see if the District will vote to appropriate a sum of money not to exceed five thousand dollars ($5,000.00) from the unemcombered balance at the end of the 1975–1976 fiscal year. In addition to the above pupils, the Milton School District is educating a number of handicapped pupils. Five of these pupils are at Great Bay School and Training Center and one is being tutored at home. There are three students attending the AREA Vocational School at Dover, and fifteen taking part in the concurrent enrollment program with the Somersworth AREA Vocational School. Counting these pupils, the total number of students being educated by the Milton School District is 542.

As may be noted by studying the chart above, the enrollment is placing the greatest pressure on the capacity of Nute. There will be a very serious problem in finding space for the projected enrollment at Nute next year. Twenty-eight pupils are in Grade 12, but there will be 42 entering Grade 7, resulting in an overall gain of 14 for the building.

The replacement of members of the teaching staff in the Milton Schools was as listed below.

Replacement	Replaced	Grade or Subject
Miss Susan Tierney	Mrs. Patricia Silvestro	Early Childhood Trainee *
Miss Martha Leven	Mrs. Ann O'Connell	Early Childhood Trainee *

Mr. James Chesley	Miss Cecilia Waterfall	Mathematics
Miss Denise St. Cyr	Miss Carol Elias	French
Mr. Robert A. Riffe	Mr. Victor Joos	English
Miss Pamela S. Virgin	Mrs. Sarah Herndon	Title I Aid
Mrs. Randi F. Tabb	Additional	7 & 8 Math & Reading Area

* Miss Tierney elected to continue her education in the early childhood, and agreed to share her salary with another early childhood trainee in order to complete the proper staffing of the milton Mills School. There is no additional cost to the District due to this arrangement, but it does mean better service for the pupils working in the program as well as giving other members of the staff ascess to the latest innovations in early childhood education. The Title I personnel continue to be employed as a part of the joint project.

The chief problem confronting the school district is that of inadequate space. This lack of space prevents the present programs offered to the pupils from being as effective as they might be in a reasonably uncrowded environment. It prevents the introduction of new programs which would be very beneficial to the students, such as additional industrial arts, fine arts, and business training. The only temporary solution that seems at all workable is that of extending the school day. This will be costly in terms of transportation, staffing, and inconvenience to the parents and pupils. This is only a temporary solution, and will sooner or later have to resolved by construction.

It is the opinion of the writer of this report that the best advance for adding to the educational opportunities of the pupils was the agreement to send interested pupils to Somersworth AREA Vocational School for a part of their school day. Pupils in Grades 11 and 12 remain members of the Nute Student Body, yet spend their afternoons at Somersworth taking part in one of the vocational courses offered there, such as building trades, child care, or communications. The cost of providing the same programs within the District, had we the space, would amount to approximately ten times the cost of taking part in the concurrent enrollment program. Concurrent enrollment is mandated by RSA 188-E. This program has been well received by the parents, pupils and community. It presents a fine opportunity to the students which would not be available to them otherwise.

The most important statute enacted by the General Court during the last session was the act which makes it mandatory for the Board to negotiate the conditions of employment with designated representatives of the employees. The act will have its first real impact in

Milton with the budget of 1977–78. The Board will need the full support of the community in meeting the requirements of this law, (R. S. A. 273–A). Under the provisions of the act, only economic benefits may be negotiated. The Board must be careful to see that it does not yield any powers granted to it by state law or by State School Board Policy. There will be more problems and more costs connected with this law than any other recently adopted in the state pertaining to education.

In closing, the undersigned would like to thank the members of the School Board, the citizens, the pupils and the staff members for their continued support and cooperation in providing the best education possible with the resources made available to the schools.

Respectfully submitted,

CHARLES H. MORGAN

REPORT OF PRINCIPAL
OF MILTON ELEMENTARY SCHOOLS

This year I am happy to report that all of our full time staff have returned. This has been a great help toward the continuity and success of our academic programs. In addition, Mrs. Elaine Lord has been hired part time as a school secretary. Mrs. Thelma Lilljedahl replaced Mrs. Doris Cheney who retired after many years of service to our lunch program.

The Milton-Wakefield Learning program was again funded by Title I. Mrs. Sheila Walsh remains as Learning Teacher along with two part time Speech Therapists serving the two school districts.

Our Early Childhood program in the Milton Mills building is now in its second year. Miss Martha Leven and Miss Susan Tierney are our two teachers in this program. They also instruct the Readiness Class at Milton Mills.

Mrs. Betty Hughes has left as our part time Music teacher.

Last May 10th a milestone occurred with the 100th year celebration of the Milton Mills school. An exciting program was conducted with the honoring of past teachers and the recalling of fond memories.

JOHN D. BUCKLEY

PRINCIPAL'S REPORT
NUTE HIGH SCHOOL

It is my pleasure to deliver the Principal's report for Nute High School.

I would like to take this opportunity to report briefly on four areas concerning the schools. They are as follows: Teacher aids, Somersworth Vocational program, Nute academic program, and overcrowding.

Teacher Aids: We have initiated two programs using teacher aids in the school. The first program utilizes a number of semi-professionals paid under a grant from the Federal Manpower Act, Title I. Under the provisions of this program, we have employed one full time custodian, two study hall aids, and two remedial reading persons. The latter two persons work with individuals and small

groups of Junior High youngsters under the direction of Mrs. Mary Jane Boggs. Mrs. Boggs had also set up a similar program where-by parent volunteers work with individual youngsters on a one to one basis in the area of reading. The purpose of these two programs is to assist youngsters in working up to grade level before they enter high school. These programs have been initiated at no cost to the school district. Mrs. Boggs has voluntarily set up this program.

Somersworth Vocational Program: In 1974, Nute was designated a satellite school for the Somersworth Area Center. This meant that Milton students could no longer enroll in the Dover Vocational program. As a result of numerous meetings between Somersworth, Farmington and this office, we were able to solve a number of problems including scheduling, and transportation. A plan was formulated and accepted by the various school boards whereby Nute juniors and seniors would attend the Somersworth Vocational School for part of their school day in order to take advantage of the opportunities provided in the vocational setting. At present fourteen students are enrolled in the four programs being offered. During the next school year, we expect that number to quadruple. We are thus providing four different programs, auto mechanics, building trades, child care, and media and communications to our students at minimal cost.

Nute Academic Program: During this past year the philosophy at Nute has been changed so that the mini-course concept has given way to a more traditional approach in the classrooms. Because of the size of the school limiting our academic options open to students, we have come to feel that the educational thrust should be placed on the so called "basics" such as grammar, writing, and history, rather than on the more esoteric offerings common to the academic program in past years. In short, our philosophy is to offer students the most practical education possible with the limited resourses at our disposal.

Crowded Conditions: This seems to be a problem that simply refuses to go away. This year we were fortunate in that the total number of students attending Nute was not significantly higher than last year. This is because we have the smallest number of seniors in recent memory. Unfortunately, the class that will replace the seniors next year is nearly double the size of that class. As a conservative guess we will have 320 students at Nute next year. We have not added an academic teaching position in several years. During that time, the school population has steadily increased.

To put it bluntly we need more classroom teachers, if we hope to maintain the present programs. Last year, we dropped Spanish from our program. This year we may have to consider the loss of other programs.

I realize that times are hard. They are hard for us all. However, if we are to provide our students with even a basic education, we must look at our programs realistically. We cannot continue to cram more and more students in without something giving. In this case the give must necessarily be in programing the course offerings open to students.

As you read this report, please consider that while we have problems, we also have some good programs offered by a dedicated staff at Nute. I would like to take this opportunity to express my thanks to the school board members, staff, parents, and students of Nute, and to the staff of S. U. #44 for providing me with a professionally rewarding experience.

A note of personal sadness at this time must be mentioned in the passing away of Mr. Charles Morgan, our Superintendent. I personally will miss him greatly as I looked to him for advice and was not left wanting. Mr. Morgan was an inspiration to me in that he was a man of integrity who did not deviate from what was right.

ROLAND L. MAHEU,
Principal Nute High School

REPORT OF THE SCHOOL NURSE

Milton School Health Report – 1974–75

Pre-school vision and hearing screening was held last November at the Parish House. This is conducted by the State with the cooperation and assistance of many local volunteers. Any child who fails either screening is retested at school, and if a second failure is noted, then a notice is sent to the parents stating that further testing is indicated. Through this early screening program, many problems are detected and corrected before a child enters school.

During the school year various health screenings are done including vision, hearing, heights, weights and heads are checked frequently for pediculosis.

School Health physicals are done yearly on the 4th – 7th – and 10th grades as well as all students participating in school sports by the School Doctor. Whenever an abnormal condition is found, the parents are notified and advised to consult a physician of their choice. Any student who wishes to go to their own doctor for such physicals may do so.

The School Dental Clinic for grades 1 – 6 was held in the Spring. Each child participating received dental cleaning, examination and a topical flouride treatment. At this time the children receive instructions on good dental hygiene, proper brushing and care of the teeth and the importance of good nutrition is reinforced. We were also fortunate to be able to participate in the State Dental Matching Fund Program. Thanks go to the Nute Trust Fund and the Community Men of Milton for their generous contributions which made this participation a reality. Many children were able to receive dental care which otherwise might have been impossible.

Children in grades 4 – 6 participated in the State Dental Health Art Contest. We had three local winners – one receiving first prize of $10.00 and second and third placements received Certificates of Award.

In the spring all students in grades 10 – 11 – 12 were offered Diphtheria-Tetanus Boosters. These were given without cost – administered by Dr. Quinn. DT Boosters are recommended every 10 years, more frequently if an accident occurs or in special cases. Many students have not received them since before entering or upon entering first grade.

Also in the spring a T.B. clinic was held for the benefit of all school staff.

Pre-school registration was held in May in Milton. All children were given a series of tests and vision screening when indicated.

Physical forms were given to all children, emphasizing the importance of having these completed before they enter school. To comply with the State Laws, every child, unless exempt for medical or religious reasons, must have a physical examination by a doctor of his choice and be immunized for DPT, polio, measles, rubella, and have a T.B. test prior to school entrance. A special thanks go to the staff of the Rural District Health Council for their cooperation in doing physicals and helping many children become protecied with the necessary immunizations. They have been most cooperative in many health areas for our pre-schoolers as well as our school age children. We are fortunate to have them as part of our health team.

Many films were shown throughout the year including such subjects as nutrition, hygiene, smoking, venereal diseases, drugs and alcohol. I am always available as a resource person and enter into guided classroom discussions when appropriate and possible.

I extend my thanks to all those who have been so helpful and cooperative during this past year.
